

Thanks from two girls in the Safe House:  
**In their own words**

My name is Helen. I do not have much to say at this moment but to say thank God for his kindness for God has used this ministry to raise my horn up and to wipe my midnight tears and fears.

Now I don't have to sleep on the streets but on clean sheet and not just a house but a home that has been prepared and paid for,

It looks unbelievable because I know my journey so far but God the only helper that helps the helpless has put smiles back on my face just because you were there.

May God bless you for me Amen.

=====

My name is Chi-Chi

I HAVE BEEN HUMILATED BECAUSE OF ACCOMODATION ISSUE. Is either the house boss is throwing me out for not paying my bill or friends I thought I had stab me at the back just for squatting with them and not meeting up my payment.

Today, it is a changed story for God has used you and this ministry to being me to a home which I call "home of peace" all worry is over now.

How God opens another way when one door closes.  
My endless prayer for you is that God will continue multiplying your pockets and that the source of income will never fail. Amen

We appreciate this kind gesture.
