On the Road Again

I'm sure you all have started thinking about the country and western song. Well, the title does fit. We have been on the road since we landed in June. We were at "School of Missions" in July, moved from Texas to Georgia in August, traveled to North Carolina for services, then went back to Georgia to get settled. It wasn't long after that, that we started attending all the Light for the Lost banquets. Then there was the Women's Ministries Fall Connection. Now we're off to Tennessee for a mission's convention. Do you see the pattern? It has been quite a time for us.

God has been so good to us. Giving us opportunities to meet with Churches and Pastors. Some we have been re-aquainted with and some are new relationships. For both we are very grateful.

After Christmas, in Texas, our schedule is even more full. We will begin our travels all over Georgia. We are so excited to be meeting and having fellowship with so many of you. We praise God for it all!

Thanksgiving with Family

Being missionaries, you don't always get to spend as much time with your family as you would like. However, being home on furlough has given us a great opportunity. We had a wonderful time at Thanksgiving. We went to Ohio and spent time with Jonathan's family. The whole family was able to come together and 17 of us (8 of them children) plus 4 more In-Law's celebrated with more food than you could imagine. This is the one time of the year, all the family can be together and it was a blessing. Jonathan got attacked by children every time he walked into a room and he loved every minute of it. We had lots to be thankful for and we were so blessed to be there.

Please Pray for Us

As Jonathan is always telling people, "Money gets a missionary to the field, but prayer keeps them there." This is such a true statement. We can never ask for too much prayer and we hope you know that you can never pray too much. For anything. That's how big our God is! Please pray for the following:

- * Traveling Graces
- * For God to supply our budget
- * Settlement on the property IMM is trying to purchase
- * The message God has put on Jonathan's heart to reach those we share with.
- * The International Church in Madrid and it's pursuit of a new location.
- * Physical healing's for friends
